2nd Prize - IEEE Hackathon

Vishva K S

CSE Graduate | Fresher | Java & Backend Learner | Internship
Experience | Open to Opportunities
Chennai, Tamil Nadu, India

Summary

I am a Computer Science Engineering graduate with a strong interest in software development and backend technologies. I have completed my degree and am actively seeking entry-level opportunities in the IT industry.

I have built a solid foundation in Core Java, Object-Oriented Programming, Data Structures & Algorithms, and MySQL. I have also completed internships in Java Full Stack Development and Web Development, which provided hands-on exposure to backend logic, database operations, and frontend fundamentals.

I am currently strengthening my skills in Spring Boot and Java Collections Framework and working on mini-projects to apply my knowledge in real-world scenarios. I am familiar with Git and GitHub for version control and continuously improving my problem-solving abilities.

Career Objective: To begin my professional journey as a software developer, continuously learn new technologies, and contribute to meaningful software projects.

Actively seeking entry-level / fresher opportunities in Software Development or IT roles.

Experience

uLektz
Full Stack Developer
June 2025 - July 2025 (2 months)
Chennai, Tamil Nadu, India

Completed a Java Full Stack Development internship at uLektz Learning Solutions Pvt. Ltd.

- Gained hands-on experience in Core Java, OOP concepts, and backend development
- Worked with MySQL for database design and CRUD operations
- Developed basic full-stack applications using Java technologies
- Learned fundamentals of Spring Boot and RESTful services
- Improved problem-solving skills and understanding of real-world software development workflows

TechnoHacks EduTech Official

Web Development Intern

August 2024 - September 2024 (2 months)

Chennai, Tamil Nadu, India

Completed a Web Development internship at TechnoHacks Solutions Pvt. Ltd.

- Built responsive web pages using HTML, CSS, and JavaScript
- Gained hands-on experience in frontend development fundamentals
- Worked on basic website layouts and UI components
- Improved understanding of web structure, styling, and client-side scripting
- Developed problem-solving and debugging skills in real-world scenarios

Education

S.A Engineering College

Bachelor of Engineering - BE, Computer Science · (November 2022 - March 2026)

Sri Arunachala Matric Hr.Sec School

High School Diploma, XII · (May 2021 - March 2022)
